## Additional information on Kartesia

#### **Profile**

- Launched in 2013, Kartesia is an LBO debt fund headquartered in Luxembourg with offices in Brussels and London and c.€1bn of assets under management
- Kartesia intends to capitalize on the structural disintermediation that the European banking sector is currently experiencing by investing in primary and secondary credit markets

#### **Strategy**

- Kartesia's philosophy is to take a generalist view and deliver a diversified portfolio across various sectors
- The team concentrates on companies with international exposure, industry-leading market positions, strong brands or other unique and differentiating factors
- Kartesia can also invest in middle-market companies that are at a turning point in their development, including those in financial distress or in need of deep restructuring of their capital structure
- The fund can invest €10-50m per transaction; mostly in credit financing solutions targeting LBO debt; secondary as well as primary for small and midcap companies

# Additional information on PrimeStone

## PrimeStone

#### **Profile**

- Established in 2014, PrimeStone takes substantial stakes in European listed companies that it believes have significant potential for value creation
- PrimeStone was founded by three former partners from The Carlyle Group, who specialized in buyouts and have invested and worked together across Europe for more than 15 years
  - They all also share a prior experience as consultants in strategy and operational improvements with The Boston Consulting Group

#### **Strategy**

- PrimeStone typically targets medium-sized, listed European companies that have significant value creation potential through strategic, operational or financial improvement
- PrimeStone creates value by taking a long term perspective, adopting an active approach and having
  a significant influence over its underlying investments through a constructive dialogue with boards
  and management teams
